Elaborate on specific areas of technical expertise (e.g. lighting systems, motors, compressed air systems, HVACs, building envelope, fleets, renewables, etc.)

CARP has expertise in developing baseline energy conservation plans, water conservation, community engagement and innovations in wastewater treatment. Project experience includes wetland treatment of wastewater in Annapolis Royal and Middleton, water and energy conservation in Middleton, Annapolis Royal and Bridgetown, energy audits in Annapolis Royal and Middleton. CARP has worked closely with municipalities in the design, implementation and evaluation of numerous initiatives related to community sustainability. CARP, in partnership with Clean Nova Scotia Foundation, is a delivery agency for the EnerGuide Program for Homes. The organization delivers the NS Environmental Home Assessment Project in western end of the province. As CARP is a registered charity, it is not obliged to charge HST.
